

CANCELLING A SESSION, A PERIOD OR A SERIES

Holidays, a sick dog, something unexpected — cancel yourself, in a few seconds

You no longer need to write or call to cancel: everything is done from **Bookings** in your area. **Before every confirmation, the app shows you what will be charged** — free or not — under the terms and conditions. Gabriel is told automatically.

1 THE RULES AT A GLANCE

Service	Notice	Charge
Dog Walking · Day Care	Until 9:00 the day before the session	FREE
Dog Walking · Day Care	After 9:00 the day before	100%
Boarding	More than 30 days before arrival (14 days for a regular client)	FREE
Boarding	Between 30 and 14 days before arrival	50%
Boarding	Less than 14 days before arrival	100%
All services, summer	From 1 June to 31 August, whatever the notice	100%

Two dogs on the same session? You can cancel just one. The remaining dog is then charged at the single-dog rate: the multi-dog discount no longer applies to that session.

2 CANCELLING A SINGLE SESSION

30 SECONDS

Bookings → the **calendar** icon
next to the search bar

For a single date, use the **calendar view**: that is how the app knows which day you want to cancel.

- 1 Open **Bookings**.
- 2 Tap the **calendar icon**, to the right of the search bar. The month appears: every day with a session has a coloured dot (green: Dog Walking, orange: Day Care, blue: Boarding).
- 3 Change month with the arrows **<** **>** if needed, then **tap the day**.
- 4 Below the calendar, that day's session appears: **tap it**.

- 5 The session card opens. Read the coloured box: it tells you whether cancelling is **free** or **charged**, and until when.
- 6 Tap **Cancel only ...** — with the date of the chosen day.
- 7 Confirm. Done: the session becomes « **Session cancelled** », the rest of the series does not change.

Mind the button underneath, *Cancel the whole series*: it cancels every upcoming session. For a single day, it is indeed « **Cancel only ...** ».

The session card: the rule for that day is shown **in green** (free) or **in red** (charged)

3 CANCELLING SEVERAL DAYS AT ONCE

HOLIDAYS, ABSENCE

Cancel a period: the list of sessions and the **total charged** before you confirm

Going away for a week? No need to cancel day by day.

- 1 In **Bookings**, tap **Cancel a period**, under the orange button.
- 2 **Date**: the first day of absence.
- 3 Tick **Until** and choose the last day of absence.
- 4 The app lists **every session concerned**, each marked **Free** or with the amount due, then the **total charged**.
- 5 Tap **Cancel these sessions**.

This covers **walks and Day Care**. A boarding stay is cancelled from its own card (point 5): its deadlines are different.

Good habit: as soon as you know your holiday dates, cancel them. As long as it is before 9:00 the day before, it is free — even for three weeks.

4 STOPPING OR CANCELLING A WHOLE SERIES

- 1 In **Bookings**, in **list** view, tap the series (for example *Dog Walking · Mon Tue Wed Thu Fri*).
- 2 Tap **Cancel the whole series (... sessions)**.
- 3 The confirmation message shows **how many sessions** will be cancelled and what is charged. Confirm.

Series already started? It is simply **stopped** from the next session. Sessions already carried out remain due; only upcoming sessions are cancelled.

The series card, opened from the **list** of bookings

5 CANCELLING A BOARDING STAY

A boarding stay: the applicable rule is shown above the button

- 1 In **Bookings**, tap the stay (blue *Boarding* line).
- 2 Read the coloured box: it shows the percentage that will be charged, depending on the number of days before arrival (table in point 1).
- 3 Tap **Cancel the booking**, then confirm.

For boarding, **notice is counted in days before arrival**, not hours: more than 30 days before (14 for a regular client), it is free.

6 AND THEN?

Situation	What happens
Is Gabriel told?	Yes, automatically, by a message in his inbox. You don't need to write to him.
Where do I see the cancellation?	Under Bookings : the session stays visible, marked « Cancelled at your request ».
And on the invoice?	The monthly invoice only counts what is due: a free cancellation does not appear, a late cancellation appears at the percentage shown.
Cancelled by mistake?	Write to Gabriel from Messages : he puts the session back on the schedule from the administration.
Cancelled by Forest Rangers	Red weather alert, closure: you are told in the app, on the home screen.

THE ESSENTIALS IN FIVE LINES

- **Always shown before you confirm** — and Gabriel is told automatically.
